

Novifit®

(NoviSAmE™)

An aging pet can stay young in mind

Novifit®

(NoviSAmE™)

For aging dogs and cats who are:

✓ Wandering the house aimlessly

✓ Sleeping more than before and waking in the night

✓ Eliminating inappropriately

✓ Less responsive to interaction (playing, petting, walks)

Novifit is clinically proven to:¹

- Increase activity and awareness
- Increase re-performance of learned behaviors
- Correct sleep/wake cycles
- Correct elimination issues

Novifit also...

- Is a safe and mild **first intention** option
- Has documented **superior stability** (3 year shelf life)²
- Has **no known side effects**
- Is more **cost-effective** than psychotropic drugs
